

# **INTERACTIVE MEDIUM-FI PROTOTYPE**

2022F HCI+D Team #7

# Outline

- **Changes & Improve**
- **Prototype**
- **Testing & Results**

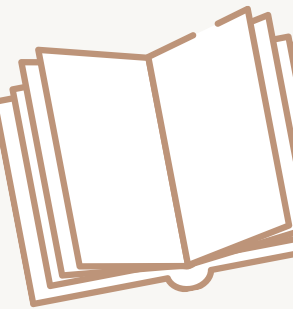

**CHANGES & IMPROVE**

# Changes & Improve

task1

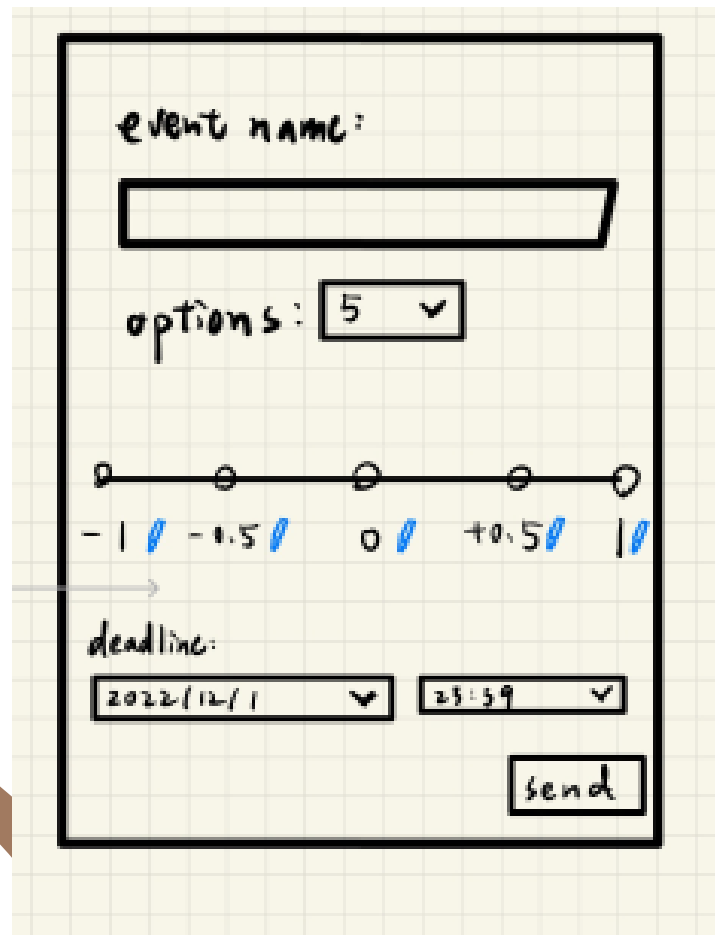

**"Reply to questions easily"**

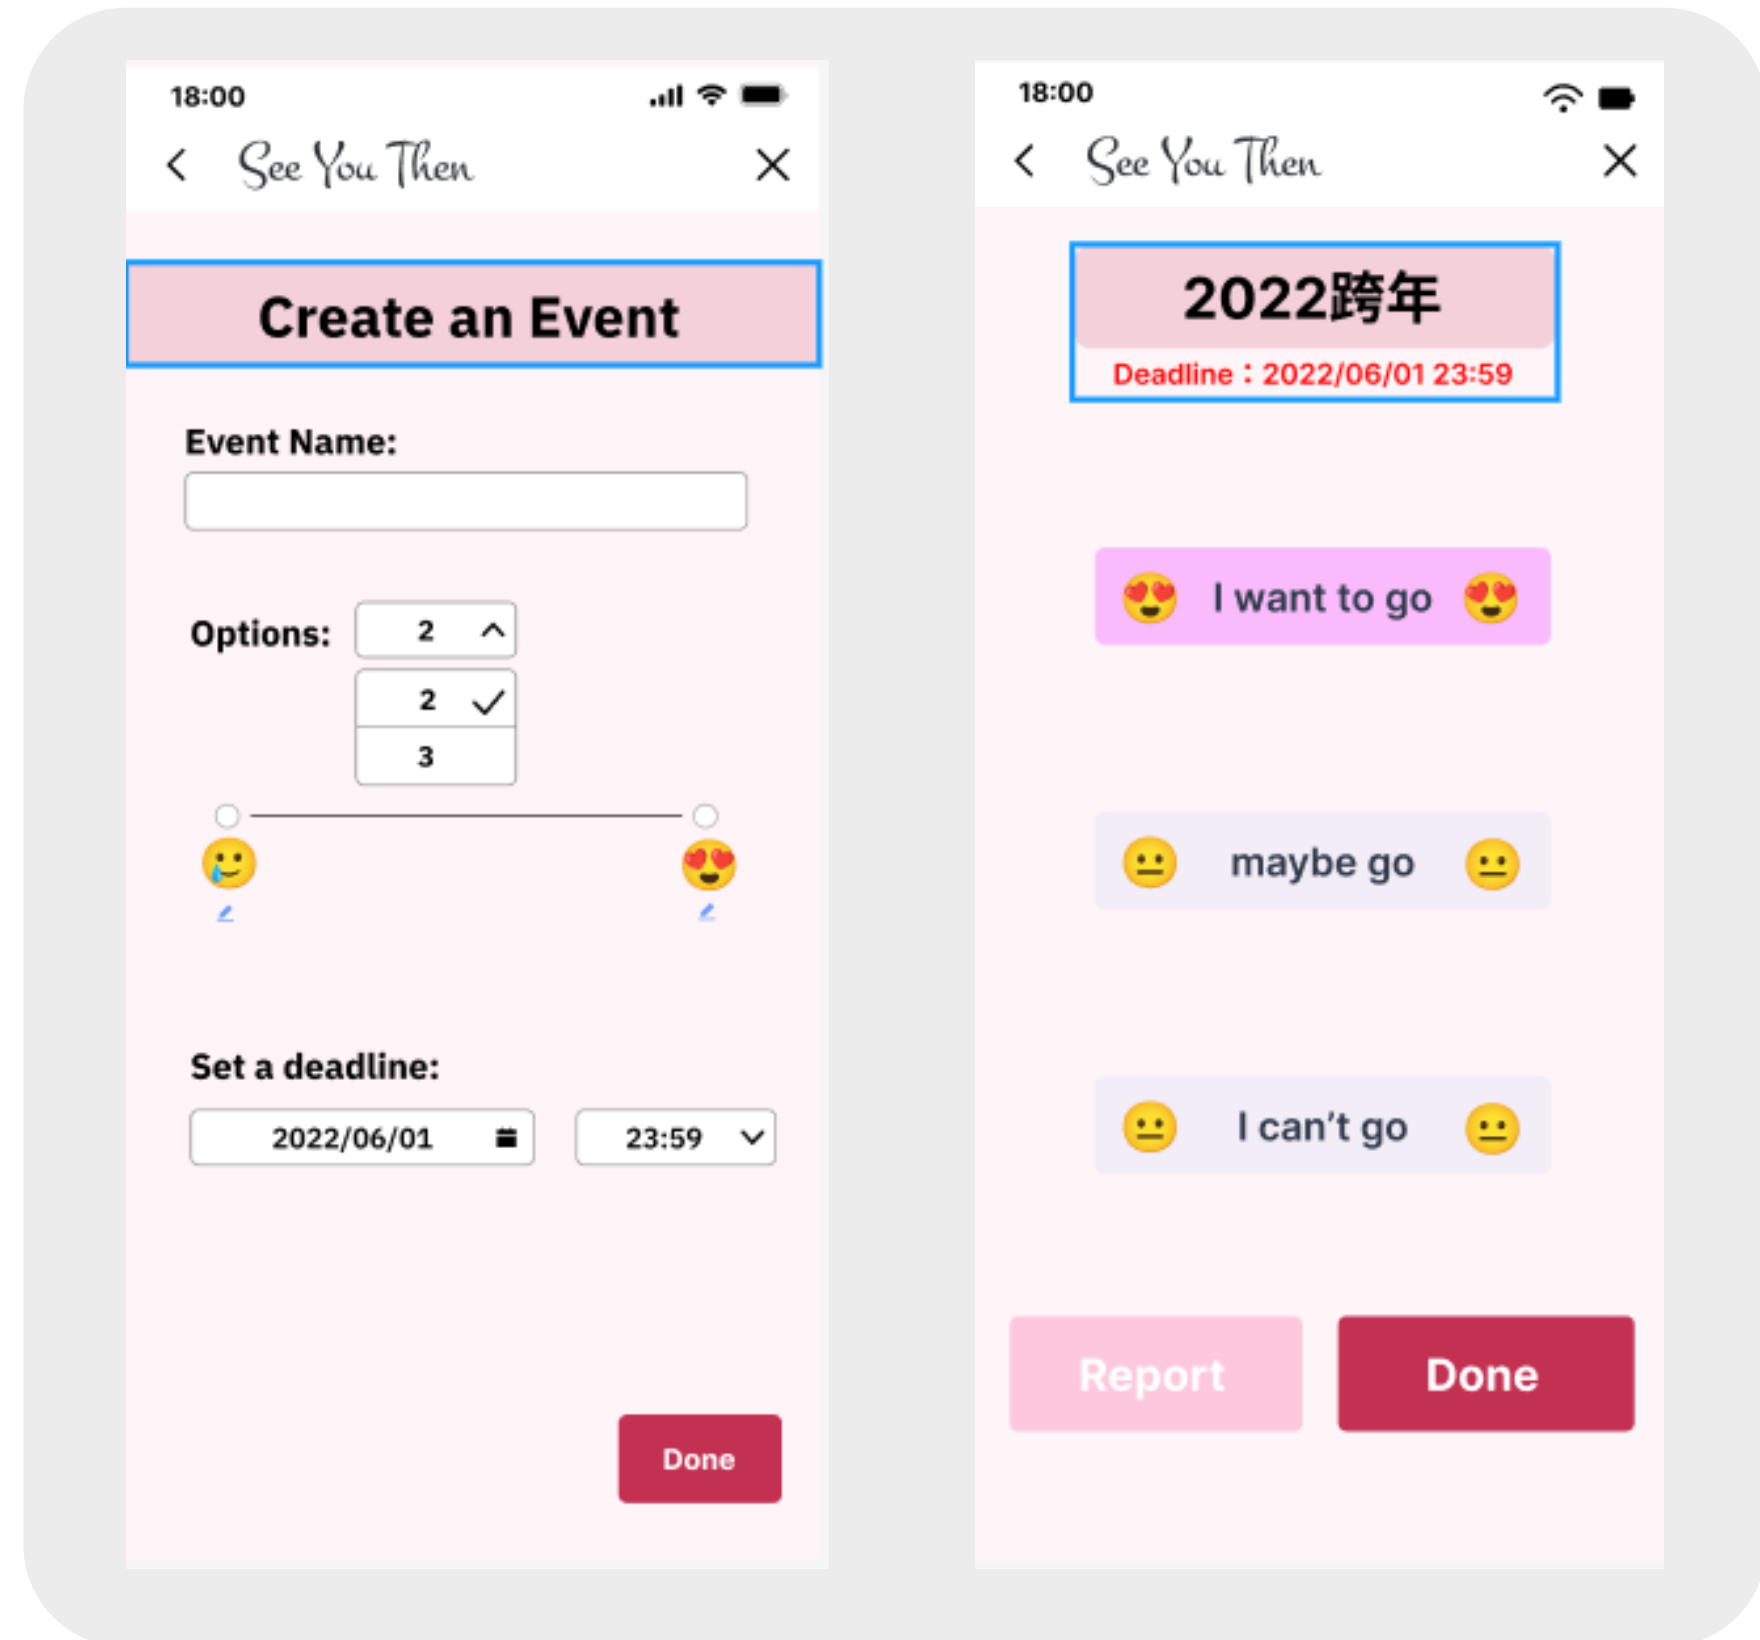

# Changes & Improve

Use three point in slide bar and specify using slide or click in task1.

use 2&3 button

A hand-drawn wireframe of the event creation form on a grid background. It includes a text input for 'event name:', a dropdown for 'options:' with the value '5', a horizontal slider with five points labeled '-1', '-0.5', '0', '+0.5', and '1', and a 'deadline:' section with two dropdowns for date and time, and a 'send' button.

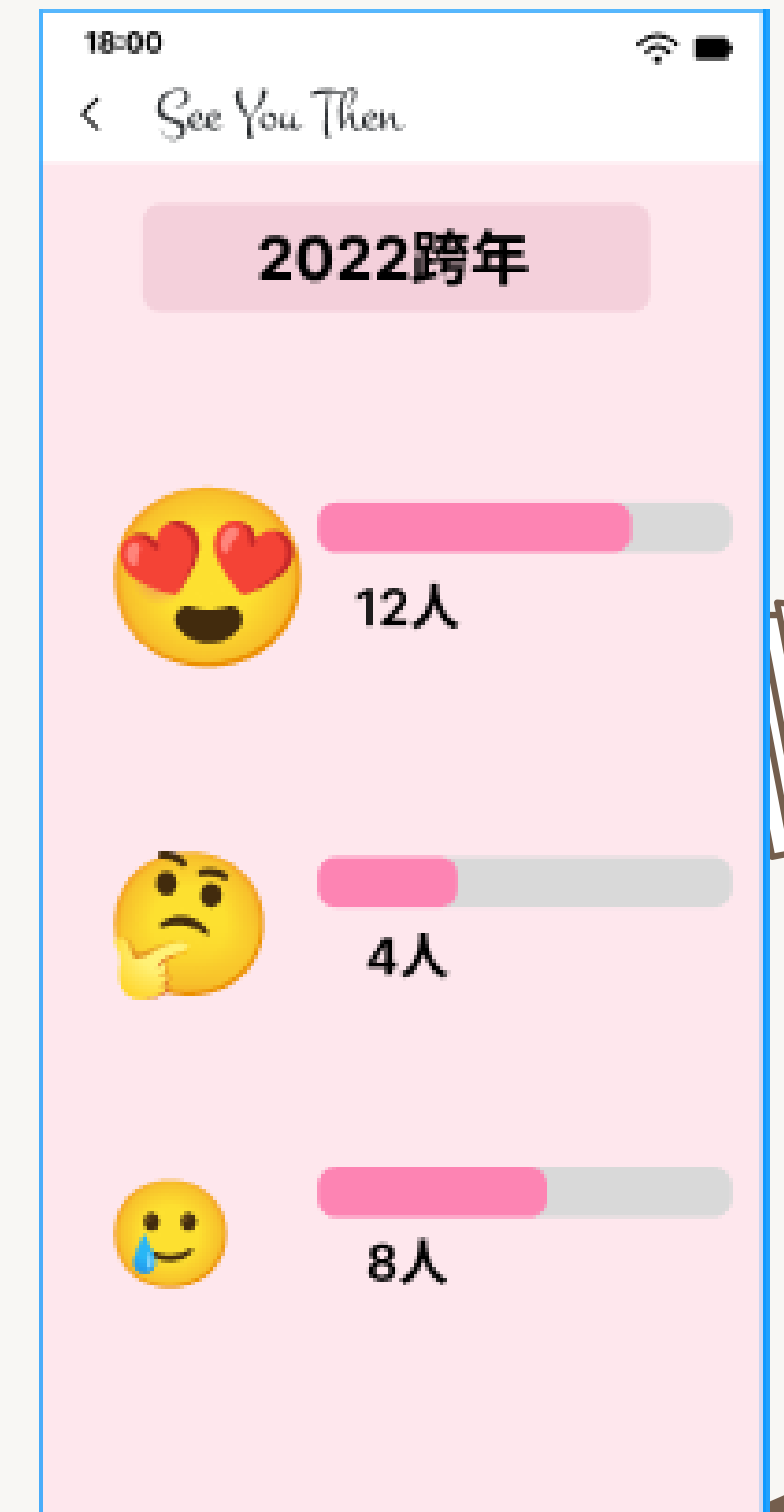

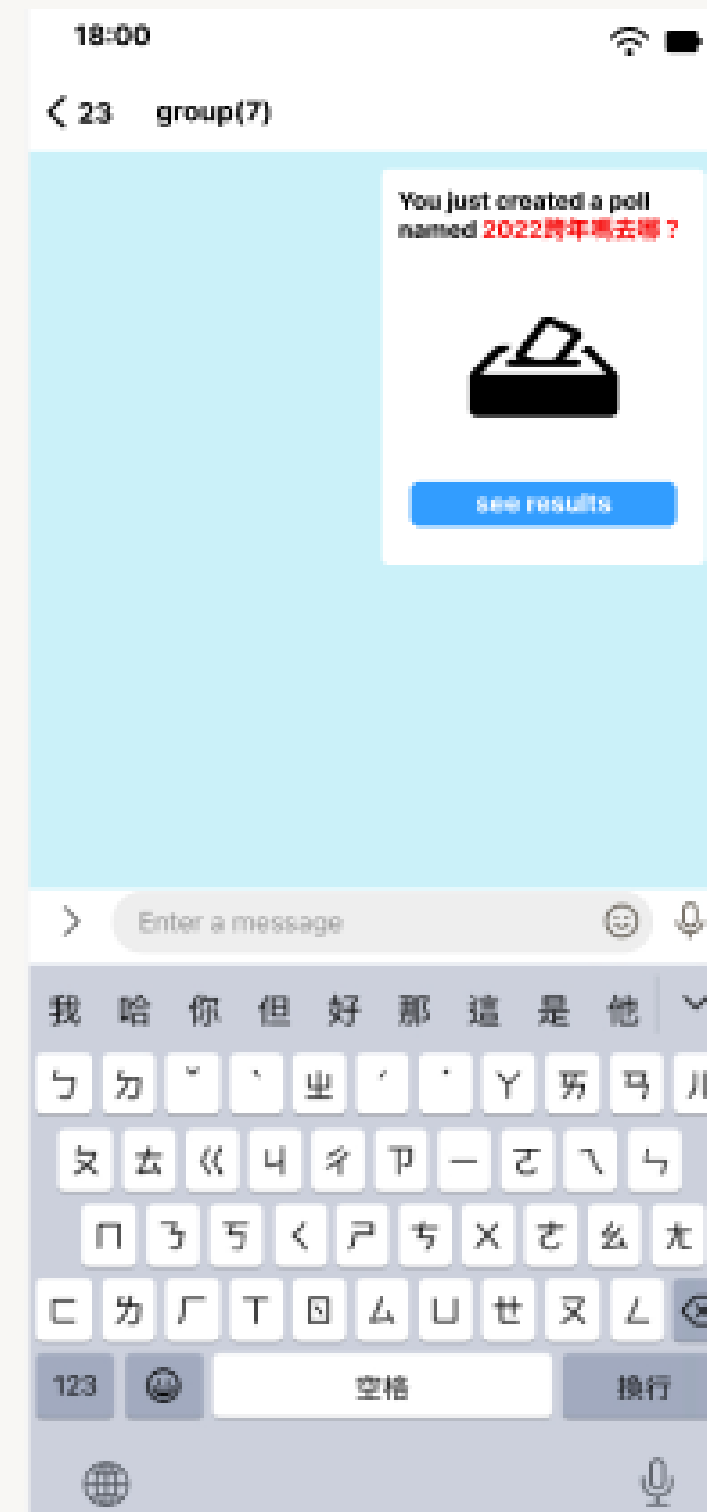

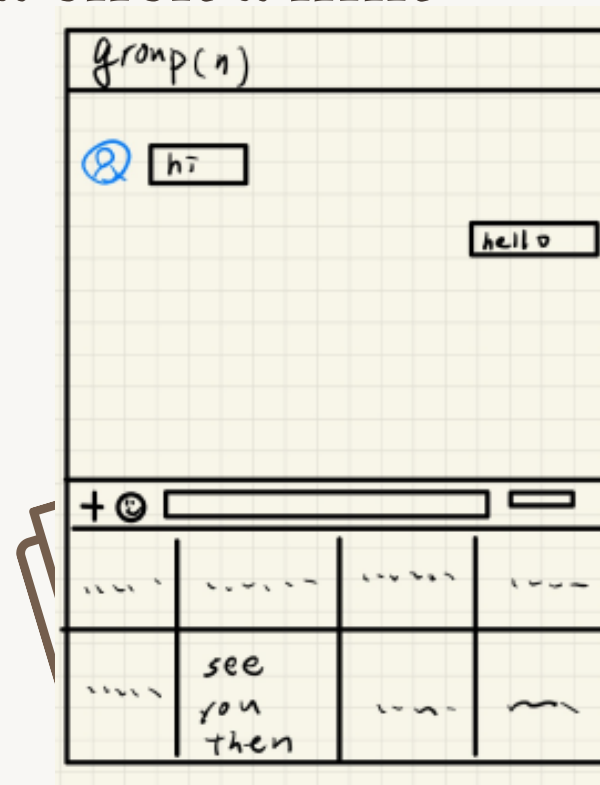

Two mobile app screens showing the event creation and confirmation process. The left screen is titled 'Create an Event' and features a 'See You Then' header, a 'Create an Event' button, an 'Event Name' input, an 'Options' dropdown with values 2, 2 (checked), and 3, a slider with a sad face on the left and a happy face on the right, a 'Set a deadline' section with date and time dropdowns, and a 'Done' button. The right screen shows the event confirmation with the title '2022跨年', a deadline of '2022/06/01 23:59', three response buttons: 'I want to go' (with heart eyes emojis), 'maybe go' (with neutral face emojis), and 'I can't go' (with sad face emojis), and 'Report' and 'Done' buttons at the bottom.

# Changes & Improve

Do we need to develop a chat function by ourself?

**No**

use our function by share and click a link

# Changes & Improve

# Changes & Improve

task2

**"Voting efficiently without being  
influenced by others"**

# Changes & Improve

Don't know whether someone would attend the activity when s/he didn't select the choice.

**no limit in selection**

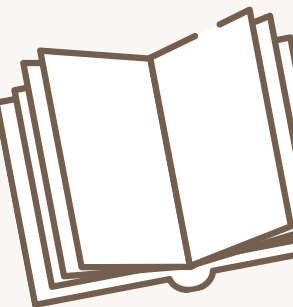

like means they really want to go  
dislike means they'll not participant

A hand-drawn form on a grid background. At the top, it says '跨年夜做什么?' (What to do on New Year's Eve?). Below are three input fields, each with a red heart icon on the left and a red heart icon on the right. The first field contains 'see fireworks', the second 'stay at my place', and the third 'karaoke'. Below these fields, it says 'deadline: 2022/12/31 23:59'. At the bottom right, there is a blue button labeled 'DONE'.

A mobile app interface for New Year's Eve activities. At the top, it says 'See You Then' with a back arrow and a close button. Below, it says '2021跨年要去哪?' (Where to go for New Year's Eve?) with a deadline of '2022/06/01 23:59'. There are three options, each with a broken heart icon on the left and a full heart icon on the right. The options are 'City Hall', 'Japan', and 'CS Building'. At the bottom, there is a red button labeled 'Next'.

# Changes & Improve

If the organizer can select random or majority after the poll, he may choice random because he don't like the results.

select the random before voting

create a vote (2/2)

Set deadline:

2022/12/01 ▼ 23:59 ▼

final decision made by:

☐ random ☒ majority

Done

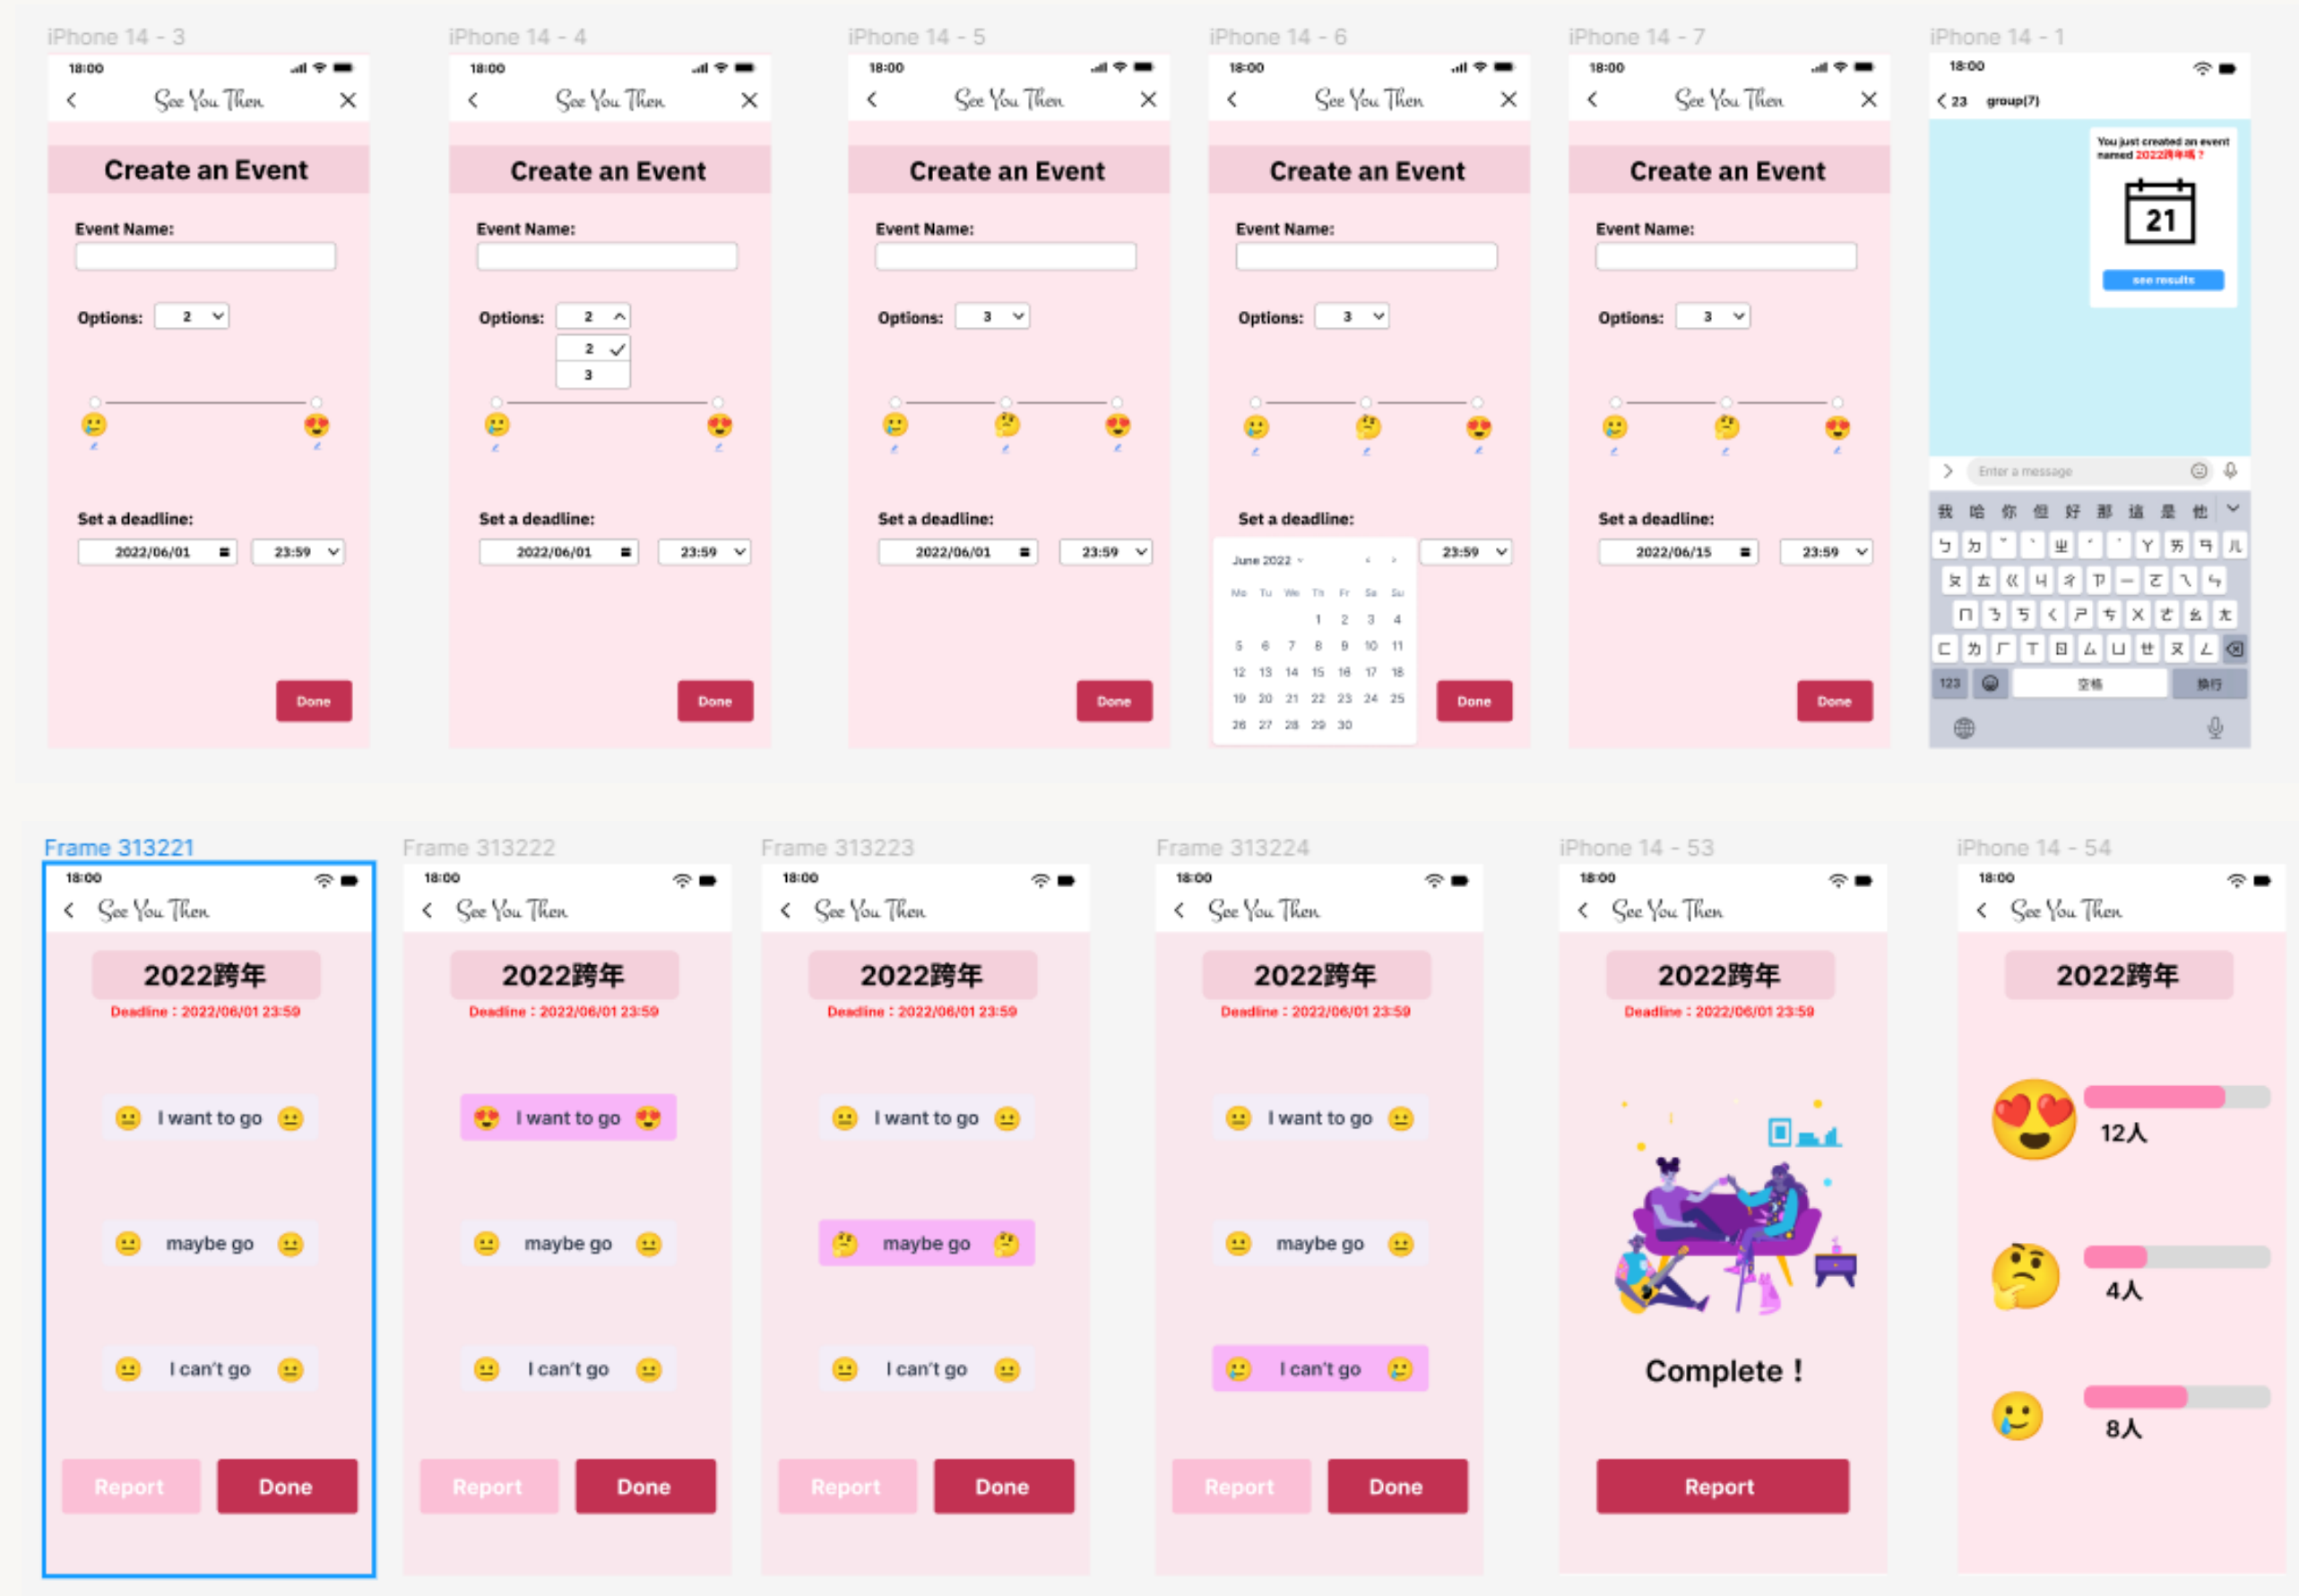

The background is a light cream color with various brown and orange illustrations. At the top center, there is a stack of three books, with one open book in front of them. Two solid brown hearts are positioned on either side of the books. To the right, there is a small illustration of an open book. In the bottom left, there is a faint outline of an open book. Scattered throughout are several small stars and circles. A large, thick, brown wavy line is positioned below the word 'PROTOTYPE'. The corners of the image feature abstract brown shapes and partial rainbow arcs.

# TESTING & RESULTS

# Prototype tools

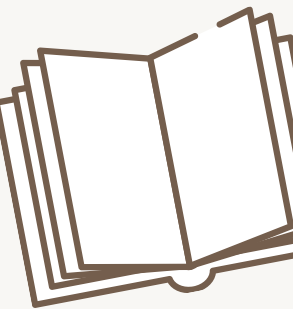

## advantages

- work together
- lots of useful plugins
- components function

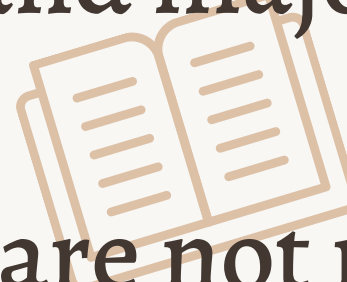

## disadvantages

- some bugs
- cannot do some advance operate

## Limitations

- some functions have some bugs in some states
- some functions are not pretty
- some icons are not unified
- didn't show the difference between random select and majority select
- Some buttons are not make a link.

## Hard coded features
